

Dear [First Name],

As you or a loved one starts learning more about hepatitis C (Hep C) and what options might be available to you, now is a good time to identify the tools that can help you along the way.

If you have recently found a Hep C specialist, his or her care team can support you with information and resources to better understand Hep C.

To assist you with planning your journey and creating goals that will motivate you along the way, we've enclosed a brochure for you to write down your thoughts, feelings, and any questions you might have. Hopefully you find this resource useful.
